HIPAA Omnibus Rules Simplified - The HIPAA Made EASY Approach To Privacy And Security Compliance For The Healthcare Facility

Synopsis

HIPAA: A decade ago we barely knew what this 5-letter acronym stood for. Now a days, healthcare professionals in the USA need a sub-specialty or fellowship in HIPAA protocols to make sense of the intricacies. From computer and internet configuration, to encryption coding and software interface, to the new-language of HIPAA acronyms and definitions, and don't forget paper shredding, paperless-form protection and (17) new forms you will need written to the new HIPAA Omnibus Rule standards. Are you "hip" to it? Are you understanding the full complexity of this ambiguous but ever-present monster? HIPAA is the beast you have to tame. If you dissect the HIPAA Omnibus Rules, and read through them enough times (as I did), you start to see a pattern emerge with the need to have these (3) "must have" HIPAA Compliance Categories in place within your dental office: Training, Paperwork & Facility Protocols that include all required components. Is your head spinning right about now? That's understandable. The Omnibus Rules are pretty intense! And the government is taking the protection of patient PHI very seriously. With the advancement of technology and massive information sharing, healthcare employees, as well as, employers must conform. All these questions and much more is answered within our new book 'HIPAA Omnibus Rules Simplified - The HIPAA made EASY Approach to Privacy and Security Compliance for The Healthcare Facility' If you are one of the following healthcare providers, the HIPAA Omnibus Rules apply to you, Doctors, Clinics, Psychologists, Dentists, Chiropractor, Nursing Homes, Pharmacies, Health Plans, Medical, Dental, and Vision Plans, HMOs, Medicare & Medicaid, Long Term Care, Veteran Plan, Health Care Clearinghouses, Billing Services, Re-pricing Companies, Community Health Mng. Value Added Networks, Business Associates, Labs, Collection Agency, Confirmation/Message Service, IT Tech Consultants, Cleaning Crews, Unsupervised After Hours Services, Subcontractors, Independent Contractors.

Customer Reviews

The information is great, but there are some pretty obvious typos. In the last paragraph on the last page of Chapter 6, 2013 is written as 203 and HiPAA is missing an "A".

The text is repetitious and wordy. The HHS online guide and papers were a quicker and more helpful read.

Was very helpful to understand basic requirements and provided addition resources for those needing to setup a program. Great for those new to this topic.

Very simple, to the point, and includes the critical info on Texas. I also like the links to available resources. Well worth the money!!!

just as the title says - HIPAA Omnibus Rules SIMPLIFIED. Thank you for translating the convoluted HIPAA rules into a language we all understand!

I love this book! Very informative and easy to understand. Every question I had is answered, this book makes HIPAA easy comprehend.

Great information from a leading HIPAA trainer. Does what it says, and clarifies the confusion behind the HIPAA rules!

Its good for quick overview, but need prior understanding of HIPAA and does not dive deep enough

to give complete picture. I felt it redundant at lot of places but, but quick 1-1.5 hour review for HIPAA Omnibus rule.
