# Plot Your Romance Novel: Writer's Cheat Sheet

## Synopsis

This book is a great helper that any writer should have! It is a cheat sheet for any romance novel writer, who plots the novel before starting to write it. You will find a short summary of all you need to know in order to plot your romance novel. What you won't find there - excessive paragraphs of dull theory. You won't find pages filled in with examples. Everything in this book is straight to the point. No extra words.

## Book Information

File Size: 468 KB

Print Length: 28 pages

Simultaneous Device Usage: Unlimited

Publication Date: June 6, 2014

Sold by: Æ Æ Digital Services LLC

Language: English

ASIN: B00KUE47IM

Text-to-Speech: Enabled

X-Ray: Not Enabled

Word Wise: Enabled

Lending: Enabled

Screen Reader: Supported

Enhanced Typesetting: Enabled

Best Sellers Rank: #185,646 Paid in Kindle Store (See Top 100 Paid in Kindle Store) #23

in Æ Æ Books > Reference > Writing, Research & Publishing Guides > Writing > Romance #152

## Customer Reviews

Okay, I'm a sucker. I like the idea of getting to the point with few wasted words and I certainly would like free help with plotting. But really, don't use up space on your Kindle with this. The writer can barely put a sentence together, possibly because English is not her/(his?) primary language. Just one example will suffice. Under the chapter "The end," you will find this helpful advice: "Now the energy of the story, which was downhill, goes almost straight up. There is no time to discuss certain elements of the heroine or try to close the secondary plotlines. At this point of the story the heroine

has to make a movement towards the climax, which is the highest energetic moment in the entire novel."Confused? Me too.

I love to read and I love to write and even though I'm usually more interested in non-fiction, I find Natasha James's book on how to plot a romance novel very insightful and well written. No matter what subject you write on, you have to have a plot line and you will find very helpful tips on how to successfully plot your book. Thank you

I didn't agree with all of the author's views, but this was a great refresher for someone like me, who writes romance. This is especially helpful for a new writer to the romance genre. Good job!

I read this book to help generate romance subplots in my science fiction and fantasy stories. Want to write romance or romantic subplots? Read thus

This really helped me to plot out where I was going in my writing. I was not sure since it was my first try at a romance novel but this book gave me some place to start and I am grateful for the help.

This cheat sheet is awesome. It only has what is absolutely needed for plotting out a novel. It guides you to fleshing out the hero and heroine, adding secondary characters and a basic guidance on plotting the actual story. This cheat sheet was very helpful for me to prepare for NaNoWriMo this year. It is not full of lengthy explanations, but is simple and uncluttered. This book was originally written for the author's personal use, but it turned into a book to help other fledgling novelists gain their footing in writing their own stories.

Short, sweet, and to the point. I admit... I didn't read this line by line. I'm an advanced writer and I basically used it for the flow chart of how a romance novel should be. The points used are very useful. It inspired me to write! I would highly recommend this book.

This was a very quick read; I did it in one sitting. I took LOTS of notes and had many A-HA moments. I feel prepared to dive into this romance story rolling around in my head now!
