Amazing Crosswords For Kids (Mensa)

Synopsis

Every book in Trip Payne's popular, inexpensive crossword series has become a bestseller. Now, this genius of crossword creation (he had his first puzzles published when he was just in junior high and won the American Crossword Puzzle Tournament a grand three times) is back with a seventh collection. That should make puzzle-loving kids positively ecstatic. The age-appropriate clues include "Aladdin rubbed a magic one," "Famous ____ (brand of cookies)," and "You might use one in a treasure hunt." There's nothing in here that isn't worth knowing, nothing that's obscure or arcane. So, for youngsters it's lots of fun. Happy solving!

This little book is precisely what I was looking for: Most of the clues are things that my 11 year old already knows, but there are still several on each page that she will need to look up. Sneaky Momma way of ensuring she's learning something during the holiday break! The cover is thick enough to not be destroyed in her backpack if she opts to take it to school and the typeface is large enough to read without struggle. Both pages and puzzles are clearly numbered and the solution guide in the back is non-intrusive.

Excellent Crossword!!! This is great not only for children but also for adults who enjoy crosswords but don't enjoy the headache of those super difficult ones. This one makes you think without hurting your head. Easy enough for kids but entertaining enough for adults. Love it!!!

Great puzzle clues for a smart 9 yr old. There are 40 crosswords (with answers in the back of the book). Will buy more from this puzzle maker.

I ordered this as a gift for 10-year-olds. They have enjoyed them and can do a lot without adult help but sometimes encounter unfamiliar words/concepts and ask for advice. It's a good mix of challenge and comfort- which makes it fun for them.

My 8 and 9 year old kids love these. They are real crossword puzzles - not "acrostics" or such. The clues are varied and reasonably challenging, but easy enough that they are not too frustrating.

Trying to teach my granddaughter how to work puzzles. So far she loves trying these puzzles.

Great gift!
