Incubus Master Part 1 (Yaoi)

Synopsis

Jinady was the comfort slave to a tribe of winged incubi for a year when he's rescued by the regal demon Figaru. This is the first part of the wildly popular erotic novel, Incubus Master. Written by Yamila Abraham (Winter Demon, Dark Prince).

Customer Reviews

This is the second time I read this story. Enjoyed it both times. Well written. But is part of a series have read second will reread and finish series

Someone discovered that they can make money off of serials.....but they have to actually be good to work

liked this series

This was erotic, graphic, steamy and what I expected from Yamila Abraham. It's well done, flushed out and exciting to read. Now, granted, some of it was a bit slow and felt like wading through concrete, but other than that, it was a great read. The images popped and I felt like I was there. It's very well done, imaginative and touching. Can't wait to read more.

I thought *Winter Demon Volume 1 (Yaoi) (v. 1)* was the best yaoi series offered by Yaoi Press, so when I stumbled across this short story, which features Figaru from *Winter Demon*, I bought it. I'll admit - the 99 cents price tag significantly impacted my decision to take a chance. The story was very good. Readers are introduced to a new main character, Jinady. He's been held prisoner by a clan of incubi until he's rescued by Figaru. There are some interesting developments concerning Figaru, which are revealed indirectly. In addition to the hot sex scenes (warning: there is some non-con) you'd expect from Yaoi Press, there was actually a story too! Readers need not have read *Winter Demon* to enjoy this, but it does add to the overall picture. There are also one or two illustrations in each novella that spice it up even more. However, a serious drawback to *Incubus Master* is the price. This first installment is only 99 cents, but hereafter each short story is \$2.99 - and there are already 7 parts. That's almost \$20 and I'm not sure it even ends with 7. And, this isn't like a series of independent long novellas. These are short stories, and each builds on the other as though it was one novel split into chapters. The second literally picks up immediately after part 1 ends, etc. Like when Stephen King released "The Green Mile." This makes it far more expensive than regular M/M fiction - or even yaoi novels that have multiple volumes. I'm torn - I really enjoyed the first three parts I have read (and ended up buying 4 & 5), but readers should consider the full cost before getting sucked in. I understand that these novellas are something of an experiment by Yaoi Press to help with the costs of a small press. And I'd like to support that effort. I love getting more stories with characters I enjoyed in yaoi manga (I ordered the *Saihoshi* sequel, *Saihoshi: Redemption 1 (Saihoshi Redemption)*, as well) But they should really considering lowering the price to \$1.50 per story to make it more reasonable. One final note - I do wish that each ebook included the full image of the cover art. Most parts, the cover image is cut off and readers don't get to see it.

On a boat over to a day-cation my friend let me read a book in her Kindle call *Incubus Mastered*. What is this wonderful world you have just shown me? Unfortunately she only had the first book. So as soon as I get home I bought the entire series. You will love it and I think will really love a character as you read, by the name of Scor. He's kind of awesome.

Was a good story I liked it

It was a great book. I hated that it was in two parts. Now I have to buy the other part. I loved the story.
