Fodor's The Complete Guide To African Safaris: With South Africa, Kenya, Tanzania, Botswana, Namibia, Rwanda & The Seychelles (Full-color Travel Guide)

Synopsis

Written by locals, Fodor's travel guides have been offering expert advice for all tastes and budgets for 80 years. Fodor's correspondents highlight the best of Africa, including Kenya's Masai Mara, South Africa's Kruger National Park, and Botswana's Kwando Reserve. Our local experts vet every recommendation to ensure you make the most of your time, whether it's your first safari or your fifth. This travel guide includes:

- Dozens of full-color maps
- Hundreds of hotel and restaurant recommendations, with Fodor's Choice designating our top picks
- In-depth breakout features on The Namibia Dunes, African music and dance, and Victoria Falls

Coverage of Kenya, Tanzania, South Africa, Rwanda, Uganda, Botswana, Namibia, Victoria Falls, and The Seychelles

Planning to focus on South Africa? Check out Fodor's travel guide to South Africa.

We hire local writers who know their destinations better than anyone else, allowing us to provide the best travel recommendations for all tastes and budget in over 7,500 worldwide destinations. Our books make it possible for every trip to be a trip of a lifetime.

Not at all helpful---incomplete guide perhaps. I wanted help with the different camps within the different parks---not much use -able material for me

Info was good enough BUT there were no maps for most of it so the majority of the time I basically have NO CLUE where they are talking about. Is there a map they sell out there that you HAVE TO have to go with the book. I'll tell you what, I will buy another publishers map because this info should be included in this book. It's infuriating. Also, when discussing \$\$ the book starts in US \$ but then shifts to R's - like I know what that is. I've been reading at the gym where I have no access to the currency rate of an R!!!! This could have been a good book.

This was the only book I found that gave me the type of information I wanted to select an African safari trip. It is not perfect, but it was definitely extremely helpful. African safaris are expensive, and this book definitely helped me get the confidence to made this expensive decision.

I've had this exact copy checked out from our local library for the last month (renewed it once) and just now had to buy my own copy so I can mark it up to my heart's desire :) Have been on safari to S. Africa in 2015 and now planning a much bigger trip for July/Aug 2018. This is a GREAT book! We travel a lot (will hit our 6th continent this summer) and prior to TripAdvisor, I had always used Frommer's; not anymore! This book gave detailed descriptions of each of the areas within the major African countries for safaris (there's only 8, and they're located in Eastern and Southern Africa). I still heavily rely on TripAdvisor but that is good for AFTER you've read about a place then you can see what real traveler's have to say about it. This book gave their recommendations on properties in all the different safari areas and all price points--what I really liked were the Pros/Cons of each property that they list. I cross-checked each property I was interested in with TripAdvisor to see what travelers actually said. We're looking into going to Botswana, Zimbabwe and Tanzania and this

book listed everything that would be of importance for us to know about each of these countries and the different regions. In addition, it has all the logistical info about safaris as well. Very happy I stumbled upon this book!

Very informative book. Highly recommended for those like me who are planning a safari.

Nice comprehensive guide but you still have to do your own research.

Good book. Planning a safari in 2017.

Excellent. As usual
