## Customer Reviews

Taylor Swift and the clarinet, too. My granddaughter's has just started playing and she loves these songs. Maybe she'll accompany one of her sisters (standing in for Taylor, of course). So happy to have found this. Great fun for the whole family.

My daughter was ready to give up the clarinet because they weren't giving her anything new to learn at school. I gave her this book and she is continuing to play the instrument. She loves Taylor Swift songs, so now she's enjoying what she's playing.

My 13 year old has enjoyed it.

I love Taylor Swift and I love her songs. The songs in this book do sound like her songs when your

playing it on the clarinet. I am a big clarinet lover and I would say if you love Taylor Swift and playing the clarinet, get this book.

Both of my daughters play the clarinet, so I bought each of them a book of their own. This is a great tool for the times they are getting a little bored with the daily "must-play" music for their band. This has allowed them to enjoy their clarinet practice time.

It made getting my daughter to practice her clarinet a breeze!! She loves this! And it's great with the CD to play along with.

Bought this for my Granddaughter so she can practice her clarinet. She loves it.

This is a great piano book, and our granddaughter loves it. It's great to find something like this without leaving home.
