Cooking Down East

Synopsis

For more than a generation, Marjorie Standish's books have been the most well-thumbed cookbooks in many a Maine kitchen. The recipes are hearty, simple to prepare, and classic -- the kind of favorite dishes that never go out of style.

Customer Reviews

You can't do better than Marjorie Standish. Great cookbook for beginners as the recipes are easy with ingredients most people have. However, as a seasoned cook, it is still my go to cookbook with great tried and true recipes!!

Well known to most New England cooks, Marjorie Standish's cookbooks are a great source. Have known many a person who heads out to the freedom of their own apartment who got her books as a housewarming gift. Sometimes, more than one set. :) This cookbook is a must have for anyone who loves New England cooking. I had them when they first came out, and when I lost them during a move, made the effort here to replace them. That says a lot in itself. Marjorie's books are entertaining and well laid out. The only critique would be...why didn't she make more than she did. I only know of the two, this being the first. If you can get your hands on one, buy it. If you can get your hands on TWO, gift one to a friend. Five stars, because we can't give more stars than that. :)

I've cooked out of this recipe book since I was a kid. Good home cooked favorites from my mom's book. Now I have my own and I'm cooking for my kids. Some of my favorites are fish chowder, scallop casserole, Indian pudding, chicken pot pie and chicken broccoli quiche. Every household

should possess the Cooking Down Easy recipe cookbook. At least, and especially, the first one.

THE definitive, down-home cookbook if you live in Maine. You won't find fancy recipes, exotic ingredients or recipes with 30 things to buy to make it.! Just good old-fashioned home cooking, the Maine way. If you like spicy, adventurous food, move on. If you want to cook like grandma used to, this is a great collection of recipes.

Bought this for my mother-in-law, I grew up with this cookbook and I already had a copy. Great tasting recipes that anyone Cook can do and even if you are on a budget. Nothing strange and exotic here. Easy to follow recipes too.

My mother has a copy, I have a copy, and now my soon-to-be-wed stepdaughter has a copy. Excellent time tested recipes. In our house we make notes in the margins for other users of the book. The scallop recipes are particularly good.

I love the "Cooking DownEast" cookbooks. They have time honored recipes that I have used for years. I give this book for Wedding showers often.

This is a wonderful book for anyone starting out wanting to learn the basics in everyday cooking. This book was written in the 60's when there was not much emphasis on making cooking healthier, however, it is easy to cut down on the salt proportions and substitute healthier fats. IE: Fish chowder is excellent with a combination of butter and olive oil for sauteeing instead of the traditional fried pork scraps.
