Heaven And Earth (Three Sisters Island Book 2)

Synopsis

In the second book in her Three Sisters Island Trilogy, #1 New York Times bestselling author Nora Roberts's *Face the Fire* returns to the haunting shores of New England and to the lives of three passionate, powerful women. Ripley Todd's job as a sheriff's deputy keeps her busy and happy, and she has no trouble finding men when she wants them—which, lately, isn't all that often. She's perfectly content, except for one thing: she has special powers that both frighten and confuse her. Distraction soon arrives in the handsome form of MacAllister Booke—a researcher who's come to investigate the rumors of witchcraft that haunt Three Sisters Island. Right from the start, he knows there's something extraordinary about Ripley Todd. Fascinated by her struggle with her amazing abilities, he becomes determined to help her accept who she is and find the courage to open her heart. But before Ripley and Mac can dream of what lies in the future, they must confront the pain of the past. For Three Sisters shelters centuries of secrets and a legacy of danger that plagues them still. Don't miss the other books in the Three Sisters Island Trilogy: *Dance Upon the Air*, *Face the Fire*. From the Trade Paperback edition.

Customer Reviews

How do you describe what comes close to perfection? I have read this series and all of her others books over and over and they never get old.

If anyone who loves to read and enjoys mystery Nora Roberts's books are the ones to enjoy. I have purchased around 3-4 trilogy sets and probably purchase every single one until I have read them all, also Nora Roberts other novels are awesome!

Fun book....but.....I really tend to gravitate to books that hint at sex and don't make the reader fast forward thru the pages that makes one feel like a voyeur. I'm not a prude...just bored with the same stuff in book after book. the plot was fun and I look forward to the other two books. Just wish there were more authors like D.B.Frank, Sinead Moriarty etc. So, you can ignore my little complaint cause, the plot, the characters are highly entertaining.

Book two was just as exciting as the first. Looking forward to what's going to happen on the island with Mia.

I just like Nora Roberts. She is always easy to read and get me involved with her characters.

When Nora writes a series, you read fast to get to the next book, but the last book you read slow.

Book 2 in the Three Sisters Island Trilogy had me reading with bated breath as I wondered whether I would actually like Ripley Todd. Abrasive, harsh, rude and somewhat full of herself, I couldn't quite figure out a) how she had a brother like Zach and b) how she had friends like Nell & Mia. But after persevering and getting through the story, I realised that like most of us, Ripley had two faces. One that she showed to the world to let them know that she's a tough, no-nonsense cop and another where we see the woman behind the facade. Her story might not be as dramatic as Nell's and she certainly doesn't have you rooting for her from the start, but eventually you get to the point where you can bear her. Then you begin to like her and wonder how long it will take before she lets Mac in. In the end, you wonder why it took her so long! Another rainy day, snuggled in the couch good read.

This story must be read after the first one or it will make little sense. The characters of the witches are made clear in the first book, and the sequels show how they grow and develop. I enjoyed all three stories, and have re-read them during long journeys. Romance, suspense and just a touch of light-hearted, along with the super-natural doings of the women.
