Synopsis

You've come to the right place for learning English quickly and easily! Easy English Step-by-Step for ESL Learners is based on the idea that the quickest route to learning this subject is building a solid foundation in the basics. You won't find a lot of pointless discussion; instead, you get an original, step-by-step approach to mastering English, with important concepts linked together by clear explanations, appropriate exercises, and helpful answers. The first steps introduce you to the everyday expressions of the English language, allowing you to communicate in a variety of everyday situations almost immediately. Gradually, a series of interconnected steps takes you from simple to more challenging concepts at your own pace, with a variety of increasingly difficult exercises to practice what you've learned. After working through these exercises, you'll have a better grasp of the subject along with the knowledge and skills you need to handle English with confidence. Easy English Step-by-Step for ESL Learners features: Easy-to-understand grammar explanations with multiple examples Realistic conversations for practical situations, from Shopping to Getting Around Town and Making Friends Helpful communication strategies, including the use of gestures and body language Exercises to help test what youÃ¢â ¬â„¢ve learned and measure progress Online audio recordings to improve pronunciation and fluency Danielle Pelletier is the president of English League, a translation and workforce training company that provides English and foreign-language training and cross-cultural education to international students and professionals working in universities and corporations.

Danielle Pelletier is the president of English League, a translation and workforce training company that provides English and foreign-language training and cross-cultural education to international students and professionals working in universities and corporations. She has taught English as a second language at several post-secondary institutions including Canada College, Golden Gate University, and San Jose State University.

My ESL adult student says the book is useful and easy to follow. As his tutor, I could see the book is well organized and will help students understand the foundations of English language. Assignments or short and applied to everyday life, which allows the student to use the lessons learned. The book is a bargain for the price.

I just ordered these books to teach a group of beginner ESL adults. They are working out beautifully! I’m going to keep these in mind the next time I have a similar class!

Is for an more advanced student than I anticipated.

Excellent

IT must be for English learner. I liked the recording cause it is not clear. I think real-talking recording is good for learners then slow and clear recording. But I didn’t like the explanation. It’s too long. Learners want practices not long explanation.

I thought this book would have instructions in Spanish, but the instructions are in English. This makes it difficult for someone that speaks primarily Spanish to use this workbook early in their path to learning English. I obviously didn’t read the description appropriately.

Too advanced for entry level students with 6-7th grade education.

Fantastic book for helping tutor ESL students! The layout of the book is very nice. I bought the book for the conversation samples which are wonderfully thought out. The look and feel of the book are

very nice.
