Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for the Caribbean and other locations worldwide.

These Franko maps provide good, basic information about dive site locations around a specific island. They are durable and compact and can be easily taken on trips/boats. The larger paper maps from Franko provide even more information about the island they represent. The one on Bonaire is especially good.

Didn't come with the three side holes for a binder. Definitely need those!
