Nurse Practitioners: The Evolution And Future Of Advanced Practice, Fifth Edition (SPRINGER SERIES ON ADVANCED PRACTICE NURSING)

Synopsis

Named a 2013 Doody's Core Title! This excellent book highlights the development of the nurse practitioner movement. The current state of practice is defined and the potential growth of the role is explored. The important issues influencing the continued development of the nurse practitioner role are clearly presented and reviewed. This update is needed in light of the ever-evolving healthcare arena. Score: 100, 5 stars --Doody's there are plenty of lessons to be learned not only from the experiences and insights of these authors, but also principles and practices which they have found to be patient-centered, effective, efficient, and economical. -Loretta C. Ford, EdD, RN, PNP, FAAN, FAANP (From the Foreword) This fifth edition discusses the evolution and future of advance practice nursing, primarily for APN faculty and APN/NP practitioners as well as for leaders and administrators in education. Fully updated and expanded, the book comprehensively describes the historical, social, economic, and global contexts of advanced practice nursing. The team of expert contributors provides a wealth of insight into key issues of the day, such as the mechanics of financial recognition of NPs, the effects of managed care, and the globalization of advanced practice models. The new edition also presents a fresh perspective on the role of nurse practitioners in both small- and large-scale reform initiatives-such as health promotion, disease management, the rapid spread of global disease, and the diminished economic capacity of many countries to meet standards for health care. Enriched with case studies, key principles, and best practices, this book is a must-have for all those invested in the current and future status of advanced practice nursing. Key topics include: Public relations strategies Nurse-managed health centers Adult health and gerontology care Business, policy, and politics: success factors for practice Global health, international developments, and future challenges

Sherry A. Greenberg, MSN, GNP-BC Ms. Greenberg received both her Bachelor of Science in Nursing and Master of Science in Nursing from the University of Pennsylvania School of Nursing. Ms. Greenberg has worked as a Gerontological Nurse Practitioner in a variety of clinical settings, including a skilled nursing facility, an inpatient acute care for elders unit, and outpatient geriatric primary care practices. Ms. Greenberg was the Coordinator of the Advanced Practice Nursing:

Geriatrics Program at New York University College of Nursing from 1997 to 2001. Since then, Ms. Greenberg has worked as a Consultant at the Hartford Institute for Geriatric Nursing at New York University College of Nursing. Ms. Greenberg is the Series Co-Editor of the Try This! series on Best Practices in Nursing Care for Older Adults and the Resources Manager of the Hartford Institute's clinical website, www.ConsultGeriRN.org. Ms. Greenberg is a member of various professional organizations, including the Gerontological Advanced Practice Nursing Association, Gerontological Society of America, American Geriatrics Society, National Gerontological Nursing Association, and the American Nurses Association. Ms. Greenberg is currently a doctoral student at the University of Pennsylvania School of Nursing with a research interest in falling in high-risk community-dwelling older adult. Ms. Greenberg is funded by a NIH NINR T32 pre-doctoral scholarship in The NewCourtland Center for Transitions and Health and Center for Integrative Science in Aging.

Provides a good general overview to discussing important issues revolving around APNs and current practice. Provides a reader friendly approach to succinctly discuss important concepts of being an APN.
