Cassandra Clare vaulted onto the publishing scene with her first YA novel, *City of Bones*, and has published three other bestselling novels in *The Mortal Instruments* series. First published in August of 2010, *Clockwork Angel* marked the first installment of Cassandra's *The Infernal Devices* trilogy and debuted at #1 on the New York Times list.

I didn't like the comic book style. Too hard to follow. All the characters looked so similar it was hard for me to keep straight who was talking to whom.

I really could help it. The love triangle doesn't hinder the plot here.

As described. Thanks!

love it
