Debolt's Dictionary Of American Pottery Marks, Whiteware And Porcelain: Whiteware And Porcelain

Synopsis

This comprehensive book includes over 2,000 drawings of marks from whiteware, ironstone, porcelain and semi-porcelain from the 1860's to 1960's. The unique index distinguishes American from foreign marks. This book describes and decodes the dating systems used on marks by many American pottery companies. An excellent reference.

Customer Reviews

A comprehensive, exhaustively researched volume containing a wealth of information for both the serious collectors of American whiteware and for junkers like me.

This guide has a key to the dating systems used by the major manufacturers of pottery and porcelain. In fact, it was the only guide at my local library that had such a key. It's certainly worth purchasing for the dating systems only. However, it is also a good reference for the collector.
