Customer Reviews

Louise L. Hay, the author of the international bestseller You Can Heal Your Life, is a metaphysical lecturer and teacher with more than 40 million books sold worldwide. For more than 25 years, she has helped people throughout the world discover and implement the full potential of their own creative powers for personal growth and self-healing. She has appeared on The Oprah Winfrey Show and many other TV and radio programs both in the U.S. and abroad.

As usual, the message of the calendar is great- for each day of the year, there is a page with one life-affirming idea/suggestion on it. However, the 2010 calendar features a modern "graphic" design- layered circles in tones of the same strange colors (dull oranges, avocado greens, maroon). There's no bright, colorful artwork this year. For me, half the appeal of the calendar is the artwork- as an amateur artist I always got as much out of the drawings/paintings of each day as I did from the message. But now it looks like a corporate calendar. Probably much better for people who use

these at work, but if you were looking for the same cheery and bright imagery as the 2009 calendar, you might want to buy something else.

I have been purchasing this product for over sixteen years! I love this so much that I now buy at least fifteen at once and all my girlfriends get one for Christmas. This product is very uplifting and inspirational! Louise Hay product are the best!

positive thinking

Starting my mornings with Louise Hay's daily affirmations is a great way to start the day. Louise's wisdom offers insightful and thoughtful messages along with lovely color images. I look forward to lifting the page every day to reveal a positive and profound thought for the day. I've given them as gifts to loved ones. who love them too.

These rip outs have really positive messages daily. They're simple and to the point. I like pretty much all of Louise Haye's materials. She encourages becoming aware of ourselves and to gravitate towards positivity in order to come out of ruts. I like her and all her stuff.

I buy Louise Hay calendars every year. Her work is always uplifting and inspiring. I would recommend any of her books or calendars.

Perfect quality, price, speed etal.

Louise Hay calendars always have a way of putting things into perspective for me at work. Some days her thoughts are exactly what I need.
