Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

What goes bump in the night? The monsters of Monsters, Inc., of course! Join all the stars of the latest Disney/Pixar film in this 24-page shaped storybook. --This text refers to an out of print or unavailable edition of this title.

My daughter, 22 months, fell in love with the Monsters Inc. and Monsters University movies. This is a perfect addition for a child who likes the Monsters Inc. franchise. It has the characters from Monsters Inc. and doesn't include anything from Monster's University. Each page is dedicated to the letters of the alphabet and how they pertain to the movie. Such as "C" is for Celia etc. But what is really cute is that it rhymes. Nice little bonus. The rhyming helps the flow of the book and keep my kid entertained. Of course, anything educational is a bonus so I love the alphabet format that includes my daughter's favorite movie! I agree that the age group for this book, 1-3, would've been better if they made this into a board book. Therefore I knock a star off my rating. Otherwise, such a

cute and fun read!

Made the perfect Baby Shower gift to go with Monster Inc. theme

Purchased for three year old grandson who is currently into Monsters, Inc. and Monsters University. He loves the books and movies.

I loved Golden Books as a child so naturally as a new dad I have been creating a collection of goldenbooks for my daughter. This particular book is one of my favorites to read to my daughter. It's a great start for my daughter to learn the alphabet and the book reads nicely as everything rhymes. My daughter is 8 months old so some of the other golden books with more dialogue are lost on her as her attention span is only about 5 minutes. So this is a good book for younger children about 3+ months and up.

This book is adorable for a child learning the alphabet. My son has been obsessed with Monsters Inc. so this book is a perfect choice. He will easily let me read this to him because he already knows the characters. It makes practicing the ABCs easy. I would definitely recommend it, especially if you have a kiddo who enjoys Monsters Inc.

My daughter loves Monsters Inc. This book was a must have. She loves having it read to her every night before bed. Being a golden book the quality is great and I like that it's not too long. My daughter loses interest if her bedtime stories are too long.

Fantastic Christmas shipping, thank you!

My two year old loves Monsters Inc. Since we limit TV time at our house, I thought that getting him some books about the movie would be a happy compromise when he wants to watch, and I want to get him away from "the box." He was thrilled to read M is for Monster. The book is written from Mike's point of view. So it starts out with Mike at a drawing board saying, "A is for author. I write AND I'm cute." It goes on to feature several characters from the movie: Boo, Celia, George, Sully. The story itself is written in rhyme. The illustrations are simple but colorful. It's a great book. My only complaint is that it only comes in paperback. It's rather flimsy. I would love to see this as a board book. But even as-is, I think it's definitely worth the money.
