Long-Term Care For Activity Professionals, Social Services Professionals, And Recreational Therapists Sixth Edition

Synopsis

This is the best reference book for activity directors working in long-term care, assisted living, and adult day programs and the most popular text for training new professionals. This book is down to earth, easy to understand, and comprehensive enough to answer your difficult questions about working with different resident groups, meeting standards, working with team and family members, and managing your department. It lets you see how all the parts of your facility can fit together to make an empowering, healthful, person-centered environment for everyone. It shows you how to provide care that satisfies, and even exceeds, health care regulations. And it gives you suggestions on how to stay sane, at least most of the time. Great reference book with many excellent activities and reproducible forms! The sixth edition includes information about MDS 3.0 and more details on successful person-centered programming in the information age.

Customer Reviews

Elizabeth (Betsy) Best-Martini is a Recreational Therapist specializing in the field of gerontology. She has a Master of Science degree in Recreation Therapy / Administration. Her consulting firm, Recreation Consultation & Best Solutions, has provided recreational therapy consultation to over 200 retirement communities, skilled nursing settings, sub-acute settings, and residential/assisted care facilities in Northern California. Betsy has trained over 800 qualified activity professionals in Northern California. Mary Anne Weeks has worked as a Social Worker (SSC) in nursing facilities since November of 1982. She had also received an undergraduate degree from the State University

of New York, Genesee and pursued graduate work at University of California, Berkeley where she completed her Master Degree in Public Health. Priscilla Wirth is a Health Information Consultant for long-term care facilities. She is a Registered Health Information Administrator, receiving her degree from Seattle University. She has been in the health information profession since 1980. Her Bachelor of Science degree and Master of Library Sciences were received from Northern Illinois University.

This is the activity directors bible! I used this to form my entire department. It helped me get great reviews from the state!

Lots of info if you are working In the Long-Term care setting. Used for wecareonline classes.

Well written with a great deal of information that is clear and concise. The information is also easy to find since the index is also well written. I recommend this book to all activity professionals

I needed it for a class. There was much needed information. It was in good quality. A must read for all who deal with elderly.

This book was used as a training manual and textbook for a class I took. It was really informative and thorough. I also found a lot of information that I can use in planning activities in my current position. That was my reason for purchasing a copy for myself. It will be very helpful. Great learning tool.

This was very helpful in my Activity Director's class & I saved a lot of \$\$\$ buying it from here for a book in PERFECT condition! Highly recommend this book!

It was a lot of help. This will be your book to go too i promise!

Best book ever for covering this particular subject. Lots of help for anyone working with the elderly in multiple setting types.
