Wow! That's really all I can say. I was not expecting this book at all. I knew it was about vampires but this had a different twist that I wasn't expecting (which I should have known S.J. would do that!). This book is about a girl named Sarah. Her life is good but she feels as if something is missing till she meets Jillian! When she meets him her world gets turned upside down. She meets new friends and enemies along the way. But can she find love? Well you will need to read this book to find out! I promise you will not be disappointed. I couldn't not put this book down it was so good. Read it in one sitting can't wait for the next book!

S.J. West is at it again. Great book! I already pre ordered the next one. I do question her use of names that are the same or similar to her watcher series... Helen, Helena, Tara... hmmm does she just really like the names? But either way, my favorite author and books! She never fails to produce amazing results!

I do not often finish a book and head right off to purchase the sequel, but this book was SO well done and SO original in its concepts, that I did just that! The characters are well developed, and even better, LIKEABLE! The dilemmas are presented in such a way, that they are believable, in a fantasy sort of way. While parts were predictable, the story as a whole was unique enough to still have surprises. WELL DONE!

I have read this way too fast... I am completely in love with the story. I want more. I recommend to anyone. I have bags under my eyes, from lack of sleep. Just could NOT put it down!!!!!!! Thank you thank you SJ!! Hurry up with the next one please!

S.J. West did an amazing job with this book! It's filled with vampire, unexpected twists, love, hate and every gambit of emotions in between. Sarah and Jillian bring this story to life as you take this journey with them. The story comes alive as you read it. An amazing book by an amazing author.

I am a huge fan of The Watchers and was compelled to read this new series by S. J. West. I was very pleased to find that it lived this book from the first chapter. Great characters and well written with exciting twists! Happy Reading!                  

I read a lot of vampire books but have never read one quite like this. It's definitely original considering the arsenal of vampire/supernatural books out there. The twists and turns this book

makes leaves you wanting more. I, for one, am impatiently waiting for the next book to come out! I highly recommend this book!! If you liked "twilight saga" and "A shade of vampire", you'll love "Moonshade".

I was very excited to read this book when S.J. told us she was writing it. I was not disappointed at all and could not stop reading it once I started. I can not wait for the second book to be done!
