Dr. Paul Pimsleur devoted his life to language teaching and testing and was one of the world's leading experts in applied linguistics. After years of experience and research, Dr. Pimsleur developed The Pimsleur Method based on two key principles: the Principle of

Anticipation and a scientific principle of memory training that he called "Graduated Interval Recall." This Method has been applied to the many levels and languages of the Pimsleur Programs.

I need to rip these to MP3 so I can listen to them on a USB device. The ID3 tags are colossally f'ed up and every track needs to be modified. I expect better from a company that claims to be experts in their field. I've used Pimsleur CD's before and I like the results, but this is a big pain in the ass. 5 stars for content, definitely. Pimsleur has always been great for that. Sadly, -2 stars for the messed-up ID3 tags when ripping from the CD format to a digital format.

An outstanding program that allows easy and fast learning in an authentic way - hearing and learning while at home or in my car. The CD's allow for review and appropriate progression to each of the follow-on lessons. The low price for this introductory package of CD's is also a feature that should not be overlooked. An excellent value! Consider this Pimsleur program before investing in more expensive media programs.

Only disappointment is that it is audio only. Haven't spent much time with it but I am a very visual person.

Be careful, when driving (when most likely to do it -- the repetition could put you to sleep -- but otherwise I think this is pretty good!!). The repetition is also the Key to what makes it work and is kinda fun if there is someone else in the car to do it with.

Really like the way the subject is presented because I have limited vision so computer programs do not work for me.

pretty dull, but effective to learn some very basic spanish phrases

Very easy to comprehend and pronounce following the narrators. Also language is specific to areas of a country; i.e. Mexico, Central or south America.

This was surprisingly good. It is strictly a conversational work, My family does it when we travel and we have fun. It is like our travel game. My son is 10. It is a system that makes you able to talk.
