Tribal Rugs

Synopsis

This book is regarded as the most authoritative work on tribal rugs. It paints a fascinating picture not only showing superb examples of tribal rugs, but also the way in which they are woven and the life of the tribes themselves.

Book Information

Paperback: 174 pages

Publisher: Interlink Publishing Group; First edition thus. edition (September 1, 1996)

Language: English

ISBN-10: 156656218X

ISBN-13: 978-1566562188

Product Dimensions: 8 x 0.5 x 7.8 inches

Shipping Weight: 1 pounds (View shipping rates and policies)

Average Customer Review: 3.9 out of 5 stars 6 customer reviews

Best Sellers Rank: #2,295,434 in Books (See Top 100 in Books) #77 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Houseware & Dining > Rugs](#) #247 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Rugs](#) #12615 in [Books > Arts & Photography > History & Criticism > Criticism](#)

Customer Reviews

I bought this book to get information about a tribal rug supposedly from Iran that I bought from a dealer many years ago. I'm working my way through it and it's very well researched, explaining the history about how the tribes moved around. This comment is mostly to address the other reviews as to the pictures. Of the plates / photos showing rugs or other woven materials (like saddlebags), there are just over 100 in black and white, and 27 in color. Of course it would be great if they ALL were color, but then the book would have cost far more (and perhaps would have been too expensive to print). I'm glad I bought this book because I've learned about the people who made my rug. It was published in 1996 so before you could Google images on (for example) Shavasan rug.

I'm glad I purchase this book for my collection. It is informative & handy. The photos of the rugs are good. Reasonably price.

This reference is a must-have addition to any collector's library. Author studied and lived among the tribes from which her beautiful rugs were woven. Illustrations are gorgeous! Tribal life is

well-illustrated as well. Other contemporary authors of oriental rug books highly recommend this book!

good book fast shipping and great color photos

Why would anyone publish a book about Tribal Rugs with almost all BLACK AND WHITE ILLUSTRATIONS. If I didn't live so far from the U.S. - I would return it. All of the other books I purchased about Tribal rugs, oriental rugs, etc . have all color illustrations. This book was a complete waste of money and the author should be ashamed of putting out a book of this type with Black and White illustrations.

The book offers good historical information on weavings and simple ways to identify where a piece may have been made and by whom. The information is presented in condensed form in the first pages with references to the many plates that make up the balance of the book. Most of the plates are in color and are of good, representative pieces. I have a personal preference for "Persian" tribal rugs and weavings find this book helpful. I also appreciate the fact that there is no "art talk" - just a clear, condensed appreciation for the subject.
