Meditating: Meditations For Fearless Romance

Synopsis

MediDating is unlike any other relationship program out there. In this 11-track guided meditation, best-selling author Gabrielle Bernstein helps you release romantic illusions, overcome fears and insecurities, activate your attracting power, and manifest love into your life. Many people carry disastrous relationship experiences from the past into the present moment. Holding on to anger from the last date who didn't call you back inevitably transfers negative vibes to the next one. This anger sabotages the possibility of creating a healthy new relationship, keeping you rooted in your history instead of the now. By relaxing into a state of peaceful awareness, you can learn to let go of past resentments and clear space for love. Through simple breathing exercises, visualizations, and mental reconditioning, you'll simplify and enhance your dating experiences, all the while using your inner guidance to find the perfect partner. Well, what are you waiting for? Release your romantic delusions and start MediDating today!

Great meditations!

A nice meditation cd.

Gabby's meditating CD has helped me in so many ways. From letting go of illusions to before date meditations. I am so grateful!

This is such a great CD to come back to time and time again. I just pop out a meditation anytime I'm feeling lost in the dating game.

Great message but her voice is not relaxing at all, a little too aggressive for me. The background music is soothing but I almost feel like I'm being ordered to "shut your eyes!" at the beginning of each new mediation. Hopefully Gabrielle can use a more soothing voice in any upcoming meditation cds.
