John Denver's Take Me Home, Country Roads (Audio CD Included) (The John Denver & Kids Series)

Synopsis

This brilliant picture book adaptation of the first hit song of John Denver is all about roots, family, and country. Set in Appalachia, a humorously diverse bunch of relatives and their in-laws go up, down and around the hills of West Virginia to converge by car, pickup, and motorcycle to a family reunion at Grandma and Grandpas country home. True to Appalachian style, Canyon portrays it all as if on a quilt, complete with little stitches between the fabric. The lyrics demand to be sung--the hardback edition comes with a CD of John Denver singing his classic in this John Denver & Kids book series.

Customer Reviews

"...Jaunty artwork with the busy color and texture of a patchwork quilt add to the listen-while-you-look fun." -- Publishers Weekly, October 10, 2005
"Canyon has outdone himself in his second pairing with a John Denver tune...A cast of wonderfully expressive characters..." --Kirkus Reviews, October 1, 2005

This is a wonderful book/cd for any West Virginian. We especially love to give it as an award to the youngest member of the family at our reunions. A wonderful tribute to John Denver!

Fun book we had fun looking at the book and singing the song with our grandkids.

I ordered and received 5 copies of this great book along with copies of 2 other similar John Denver books. I mistakenly thought that I was ordering the order version that include the audio CD's. I did not and so I did not receive CD's. Is there some way that I can obtain these related audio CD's ? Thank you.

I'm a long time fan of John Denver and bought the Grandmas Feather Bed of this series before my grandson was even born. After he was born we would "sing" the book at bedtime. He loved the pictures and liked to name the characters with family members. He started liking more songs on the CD. I found this one in hardback and it came with a CD of the song. He loves to sing this one too. The pictures are colorful and comical. Definitely recommend both of them.

Beautifully illustrated book!

Went to a Denver tribute recently and heard about these books. In the day, I was a BIG JD fan, my family too. The book illustrates people taking country roads to a family reunion, which we are having this summer, and the artwork is in the style of quilting, an interest my sister and I share, so bought it for her to read to grandkids, Good song and cute illustrations.

Fun and wonderfully illustrated.

My dad played this song every time we drove to West Virginia to visit Grandparents and it came to have a special meaning to me. I bought the book for my dad so he can now share the song with his grandchildren. The pictures are beautiful!
