Missinaibi: Journey To The Northern Sky: From Lake Superior To James Bay By Canoe

Synopsis

The legendary Missinaibi River runs north from Lake Superior to the arctic waters of James Bay. Like many northern rivers, the Missinaibi appeals to seasoned paddlers for the white-knuckle exhilaration of navigating miles of challenging rapids. Other routes along the Michipicoten-Missinabi river corridor offer quieter options for paddlers at any level of experience and ability. Trips include: Shumka to Missanabie Lake Missinaibi Circle Little Missinaibi River Michipicoten River Superior Coast Missinaibi River Moose River Lake Missinaibi to Peterbell Peterbell to Mattice Greenhill Rapids Mattice to Moosonee Each trip is a breathtaking expedition through unforgettable wilderness settings.

Customer Reviews

Perhaps the best aspect of this fine book is the author's meticulous attention to detail and the accuracy of his research. (William McLeod The Sudbury Star 2006-06-14)Engaging and idiosyncratic... the clear pen-and-ink maps are full of details... some photographers dream of wild places and seek the way. I would recommend these books to them. (J.A. Lamont Canadian Camera)Detailed information... Hap Wilson has personally explored the rivers. (Wildlife Activist)I love his writing because he speaks to my soul... about canoeing and the magnificent outdoors we seldom pay attention to. (Joanne Bury Community Voices 2004-08-13)Compiled by Hap Wilson, an outdoor writer who has more than thirty years of experience as a wilderness guide... personally documented maps... far more information than a volume size might lead the reader to expect. (Linda Turk Thunder Bay Chronicle-Journal 2004-07-04)Sound advice on important topics... Anyone

planning a canoe trip to the areas covered by Wilson will benefit greatly by reading these guidebooks, but even canoeing enthusiasts not planning on travelling to these regions by canoe will enjoy just reading them. (Glenn Perrett Cottage Times 2004-07-15)

No other Canadian River imbues such a strong mystic and culturally provocative story as the Missinaibi. A powerfully charged, undeveloped river, paddlers can follow this historic and culturally important waterway from Lake Superior to James Bay. Prior to the release of the first edition guidebook in 1994, the difficulty of the river and the inaccuracy of the topographic maps led to the death of an average of 2-3 people every year. Since the release of the guidebook there have been no fatalities on the river. The detailed rapids drawings are classified according to the International River Grading System -- as all of our books adhere to. Also included in this guidebook is the Little Missinaibi River loop route -- a must see for those interested in Native lore and history. A note about all of Hap Wilson's Guidebooks: Although these are field-friendly travel guidebooks, they are written and illustrated to charm and fascinate the couch-traveler as well. For help on selecting routes, or about current guided trips taking place in any one of these Canadian guidebook favorites, please feel free to contact the author(s) as listed with each title. Great book very descriptive good maps . I enjoyed the history portion . can't wait to actually be at the put in on the missanaibi and use this info

great read if you plan a trip on the missinaibi! took a 140 mile trip on the river and this book definitely made the trip more interesting and informative.

This is the definitive work on the Missinaibi - a wonderful read and reference. One of the last great unbroken northern rivers

Beautifully done. Excellent river charts and informative photos. Fascinating anecdotes. Practical advice and well-written description of travel by river from Lake Superior to Hudson Bay retracing an historical fur trade route.

Having canoed a lot of this area from 1956 to 1967 this writing brought back many memories. Great publication.Edgar E Backlundebacklund@rochester.rr.com

This book is the definitive book on white water tripping the Missinaibli River. It provides deatails of the river, history and camp sites. This is an excellent resource for anyone planning a trip on this river
