An unsurpassed tribute to the oldest industrial firm and the oldest gunmaker in the world.

The oldest industrial firm and the oldest gunmaker in the world, Fabbrica d'Armi Pietro Beretta, S.p.A., launches its 475th anniversary with the publication of this lavish history and celebration of a unique world of fine guns. Beretta remains under the stewardship of its founding family, headed now by Ugo Gussalli Beretta and his sons, Pietro and Franco. Today the Beretta line of firearms and accessories reigns as one of the few international brands symbolic of unsurpassed quality. But no other firm goes back so far in history, or reaches so many corners of the globe, as Beretta. The Italian company stands supreme partly because it is on the cutting edge--of design, quality, manufacture, performance, and style. Through the centuries, the family has guided the company in the transition from specialist gun-barrel makers to, in Napoleonic times, creator of sporting firearms, later adding military and law-enforcement arms and importing arms by Colt, Remington, S&W, and Winchester, still later developing one of the first international industrial enterprises. The Beretta line is the firearms enthusiast's dream: self-loading pistols, rifles, and shotguns; bolt-action rifles; double-barrel over-and-under and side-by-side sporting rifles and shotguns; single-barrel trap guns; and from these, a refined line of premium-grade guns unsurpassed by any gunmaker in the world.

All are created with the perfect melding of the most advanced, space-age, computer-generated production machinery, in concert with traditional hand craftsmanship, in the ancient gunmaking village of Gardone, Val Trompia. In 1985, Beretta's classic Model 92 pistol was adopted as the M9, the official U.S. Armed Forces sidearm, following extensive competition with the designs of other companies, sessions that subjected the pistol to the most rigorous tests. The Model 92 is the most widely used self-loading pistol in law enforcement and the military in the world today. Beretta shooters dominate national, international, and Olympic shotgun competitions, and are a commanding factor in the rapidly developing world of sporting clays. This richly illustrated, beautifully presented work joins R. L. Wilson's other firearms classics: Colt: An American Legend; Winchester: An American Legend; The Peacemakers; Steel Canvas; Ruger & His Guns; and Buffalo Bill's Wild West--a collection of books that comprise an unsurpassed tribute to the art, craftsmanship, history, mechanics, performance, and romance unique to fine guns. --This text refers to an out of print or unavailable edition of this title.

After opening the cover of the book I was really impressed with how it was put together. The pictures were of the highest quality. I loved the history with the family. As a collector of the 950 series tip up barrels I loved how they covered this series. Overall this book was worth every penny I paid for it. This is really a collector type of book.

I like his books.
