## Customer Reviews

Good baking book but some of the recipes are missing ingredients or it does not tell you the proper amount to use. A guessing game.

This book is nothing but lists of ingredients with extremely sparse instructions. There is a total lack of

useful text. Weights and measure s are questionable and there are obvious typos.

Lots of recipies

Has some interesting recipes, some very similar to others I have.

I have read it, now I have to make some bread!

Excellent book for the home bread baker

Great Kindle Read!!!

Sinfully delicious.
