Signs From Pets In The Afterlife

Synopsis

Communications from beloved pets are seen by thousands every day. Some messages are given in ways that require an acute awareness and more interpretation as well. From the heavens above, signs are given by deceased pets to connect with their families they left behind. Oftentimes, the gifts they share are unseen or are difficult to identify. Learning to speak the language of spirit requires practice, but once identified, the joy of hearing from your pet in spirit can bring great comfort. This book is an ABC's narrative for identifying signs, messages, and signals from the afterworld. It shares a simple way to look for, and read, communications from pets in the hereafter. For anyone looking to continue their relationship with a beloved pet in the afterlife, this book can help you identify their gifts from Heaven. Love lives forever and so do our souls.

Really loved my pets, Miss them so much, After reading this book I was convinced that they also loved and miss me, so many signs that they are with me every day.. so many questions answered of the unusual things going around me that I could not figure out, but, now I have answers...You must believe , and accept ... they are with you, and when our time here on earth ends, we will all be together again..

I had to put my 17 year old Yorkie to sleep 2 months ago. Unfortunately, his body was shutting down and I could not let him suffer.I'm lost without Stewie. He's the love of my life.I always believed

in getting signs from the afterlife. I found this book. It is a great read. I am a complete believer that my Stewie is always with me and we will always stay in contact. I've gotten signs almost everyday including dream visitations, hearing him walking around my room and drinking from his water bowl, I felt him lay next to me on my bed, cloud formations of his face, and he sends me cardinals everyday. It's very comforting to know that Stewie is always around me and that I'm able to communicate with him. I know he loves me unconditionally and when I need him or feel really sad, he sends me a sign. I definitely recommend this book to anyone who lost their beloved pet.

Fantastic book! Reminds us that although our pets are not physically present after they cross the Rainbow Bridge, they are ours eternally! Absolutely recommend it with 5 stars!

nothing new here folks. same stuff about Spirit, and how to recognize it. just add pets and you have it. so disappointed as I was looking for something new.

what a great book to have forever to be able to refer back to whenever I'm feeling insecure and missing my animals who have passed. It helps with closure as well.

Although I think pets do have an afterlife, this book is just for fun, I think unless you are prone to wishful thinking.

Very interesting. Made me think more and open myself to signs. Some of it was a little far fetched, but there were real life stories told.

This book is AMAZING!! It has given me such peace and closure with the passing of my love in February =)
