## **Customer Reviews**

Florida attorney/author Wade Benjamin Coye is a practicing attorney admitted to the Florida, New York, District of Columbia and Michigan Bar Associations. He represents consumers and small businesses in insurance and injury Law cases and formed Coye Law Firm as a consumer focused practice handling personal injury, workers compensation, wrongful death, and insurance claims. His cases have included large verdicts against major corporations. His clients are from throughout the United States, Europe and South America. He graduated from the University at Buffalo Law School with honors. Wade is also a licensed private pilot with an instrument rating. Credentials aplenty! Wade's impressive background makes his warm and encouraging message stated in his introduction even more meaningful: *Let's face it, we're human.* Accidents and injuries are going to happen at some point or another, and sometimes it is no one's fault. There are times, however, when someone has been negligent, careless, foolish, or in some way at fault. At those times, if you have

had an injury, you have a ÂfÂçÂ â ¬Ã Â“personal injury.ÂfÂçÂ â ¬Ã Â• Personal injury law is designed to protect and compensate you if you are injured or harmed because of someone elseÂfÂçÂ â ¬Ã â„¢s negligence. I wrote this book to familiarize consumers about the law and to offer practical suggestions should you suffer a personal injury. As helpful as the Internet may be, fact is, there is no substitute for getting advice from a skilled and experienced personal injury attorney. Personal injury law is not a perfect system or easy to navigate, but it is the only system available to you in order to receive compensation for your unfortunate injuries or losses.ÂfÂçÂ â ¬Ã â„¢In a brief but skillful manner Wade addresses all the aspects of what to do in case of a personal injury taking us through the many unknown aspects of our legal rights, how to address them, what are the important aspects of a case, how a case will proceed and what we can expect. This is information rarely shared and the manner in which Wade writes the information makes this a book we all should read and digest ÂfÂçÂ â ¬Ã âœ now, before we NEED it! Solid information offered in a warm and accessible manner makes this a must own book. Highly recommended Grady Harp, December 15

The author is a legal professional who practices law in his law firm in Florida U S. In the book he shares his knowledge and gives general advice on Personal Injury claims to his reader. Many times people have multiple areas of the law that need considering after an injury. He is admitted to practice in Florida, New York, Michigan and the District of Columbia. Personal Injury law is designed to protect and compensate if a person is injured or harmed; has losses because of someone else's negligence. The value of the book :\* It educates on perils and pitfalls of the personal injury system.\* It clarifies how to assess and evaluate damages and value of losses.\* Points out the documentation valued and the letter of protection.\* Points out the insurance system and coverage.\* Stimulates awareness of risk management: the knowns and the unknowns.\* Shows specifics with comparisons in health insurance plans.\* Explains Worker's Compensation.\* Every case is unique. Coye's building blocks for his discussions: \* Building a case knowing the truths, secrets and lies.\* Types of insurance coverage.\* Showing the truths.\* Types of cases.\* Steps and measures to be taken in the case investigation.\* Role players: police, witnesses, taking pictures.\* Restoration and replacement process: vehicle reparation or replacement; losses- diminution of value, settlement or sue, and demand.\* Court process: choosing a lawyer, cost, assembling of legal team.\* Payments: social disability, worker's compensation, personal injury claim. Final Advice in book: " You may have more than one case, but some lawyers tend to focus on only one area of the law because they do not understand or practice the other possible matters. Find a lawyer who knows the pro's and cons of

each area of the law to maximise benefits for you."Valuable book.Scarlett Jensen11 December 2015
