Customer Reviews

Bella definitely has one unique writing style that sucks anyone in!! I am so into this Season I haven't even thought much of back home at The Shade, Only Eritopia. I think this is by far My favorite season, however I better not promise that as I know I will be saying exactly the same on a future season. Bella is just that awesome!

I enjoy these books a lot, but I feel like she's getting a little more graphic with the scenes she writes for the couples. I appreciated that in her previous books, her words let you know what the character was feeling, but not to the extent that I feel like she has gone to in season 6. Just my opinion. Other than that, I love her books.

I'm on book 47, I absolutely love these books! I'm a huge obsessed Twihard and The Shade of Vampire is everything I wished Twilight did....it keeps going!! It's full of love, suspense, action and characters you've never heard of. Bella Forrest never disappoints when it comes to creating new storylines and creatures, a wonderful addition ontop of the fantasy world we already know. I'm proud to say I'm a Twihard and now a Shaddict!! I'm praying Bella continues to creatively write and the story never ends!!

Well I was on the edge of my seat expecting to watch the oracles visions come true! Frustrating and helpless is what I felt. I'm hoping that the game turns in the Shadians favor without the predicted!

The Shade series gets better with each new installment. You never know what will happen next; always something new and exciting that leaves you anxiously waiting for the next one.

Ausome book lots of things going on. And cliff hangers galore. I loved it can't Wait for book 48.did not sleep to well the night I finished the book to many unanswered questions.

Omg what a intense book. Talk about taking us over the edge, wow.I can't believe all that's happened. Traitor ,abduction,near death omg

I must love this series! I keep getting caught up in the story, hungry for more as I finish each one. Waiting for these books to be made into a Netflix or Hulu series!
