Super Learning: Hypnosis For Memory Improvement, Brain Enhancement And Fast Learning Via Subliminal Hypnosis And Meditation

Synopsis

Unlock the hidden potential of your mind with this super brain hypnosis. This nine minute hypnosis is designed to help you: Develop a brilliant memory Increase mental clarity and focus Learn faster and retain what you learn This hypnosis is a part of the Subliminal Hypnosis and Meditation series. This audiobook includes: Day version: The first hypnosis can be listened to at any time of the day. This version is not subliminal and will need your full attention. Night version: The rest of the chapters are meant to be listened to on a low volume during sleep for maximum subliminal subconscious stimulation. Pink noise is included to help aid with deeper, more restful sleep. It is okay if you do not understand what is being said during this version, as your subconscious has the ability to pick up more information than your consciousness. It is recommended to listen to either the day or night version for at least three weeks or whenever you feel it would be beneficial for you. Advance your learning capabilities with this neuro-linguistic programming hypnosis.
