Destiny Revealed (The Destiny Trilogy Series Book 1)

Synopsis

On the day of their thirteenth birthdays, twins Jack and Maddie Austin receive a special gift from their wizard relative Uncle Benny: two necklaces, along with a note shrouded in secrecy. The celebration is interrupted by three intruders, led by the evil being Tardon, who kidnaps the twins' parents. Uncle Benny manages to escape with the twins and later, reveals the truth behind both their gifts and identities: that Jack and Maddie are powerful wizards from the magical realm. Now, faced with the decision of a lifetime, they must return to that realm, rescue their parents and save all the realms from imminent doom.

Customer Reviews

When fraternal twins Jack and Maddie turn 13, their world changes dramatically. No longer will they live a peaceful life in the normal world like regular kids, but now they'll face danger in a world of magic and discover the truth about their destiny. This is a "coming of age" story with twists and surprises. The twins are very talented wizards but don't know how to wield their powers. They're

immediately thrown into danger when their parents are kidnapped and must join their "Uncle Benny" and his friends in a desperate quest to rescue their parents. Before they can be properly trained, they're faced with scary creatures that test their skills. An evil wizard, Tardon wants to rule of all the worlds and plans to use the twins to achieve his goal. Will Jack be able to control his raging emotions and learn how to become a leader? He's sure Benny is hiding something and he's right. Anger and frustration make Jack a dangerous ally in the battle they must fight to save the worlds. Will Maddie's eagerness to trust put her into greater danger? This first book of the trilogy sets the scene for an epic fantasy series. Start it today.

If you are big on fantasy then this is the book for you! The images and characters that are described will blow your mind and send you to a new world. Literally. But not before you meet the two main characters Maddie and Jack. At first you would think that they were just ordinary kids with ordinary lives until the day their thirteenth birthday comes and everything changes. Now I finally know why everyone was making such a big deal out them hitting their teens. I really like this story because of the details and descriptions. Not many authors take the time to describe a character or their surroundings and it makes you feel as if you are really there. What also drew me to the story were the twins. The way the two characters are set up is absolutely brilliant. You have Maddie: the critical thinker that learns new skills easily, and Jack: the go getter. They definitely fit the description of the Brute and the Brains. Like I said before, if you are one for fantasy stories then this one is definitely for you. I hope you all enjoy it as much as i did.

Great read that adults, young adults and children will love. Jack and Maddie are twins and upon the thirteenth birthday they are given an amazing present, they find out that they are not who they thought they were. The twins, their parents and a few relations are all part of a wizard group. On the day the twins learn the secret they learn another about evil wizards when Tardon, the leader of bad wizards takes off with the twins' parents and the adventure begins. great story with an amazing writing style that makes the reading fun and compelling. There is plenty of mystery, action and supernatural to satisfy readers of all ages.

I met Cris Pasquerale in an author group, and he asked me to purchase and review this book. *Destiny Revealed* is a middle-grade fantasy featuring Jack and Maddie, a pair of magical thirteen-year-olds from a parallel world. In the opening chapters, they learn they are magical in response to the kidnapping of their parents by the power-hungry megalomaniac Tardon. They are

supported by their uncle, Benny, who carries them into their home-world for the first time and tries to teach them magic, along with his apprentice, Connie, and an allied group of forest-guarding gnomes. Over time, as the twins' magical powers spontaneously manifest in response to difficult situations, Jack becomes protective and aggressive, actually taking the lead of a group of wizards and gnomes who oppose Tardon and are trying to save the kidnapped parents, while Maddie continues to try to be nice and develops some closeness with their aunt, whose loyalties are known to be questionable from the beginning. A huge climactic battle serves as a setup for future books in the same series. The book moves at a fast clip, with new characters and situations arising constantly and with conflict and adventure on every page. Its storyline and characterization make it well-suited to a middle grade audience (ages 11-13). Pasqueralle thrives most when moving the story forward, and tries hard to create complicated and likeable characters. The book is well-edited, with no grammatical problems and only one or two typos that are not especially annoying. Because of the fast pace and dialogue-driven, functional style of the book, I finished it in three sittings over two days.

Review: Destiny Revealed
Destiny Revealed
Destiny Revealed by Cris Pasqueralle
My rating: 5 of 5 stars
Like author Terry Brooks, Cris Pasqueralle brings to life a world of wizards, magic, gnomes, and fairies where good and evil battle. One to gain control over all realms and destroy everything. The other to keep the balance between the world of magic and humans safe. I started reading this first of a series book and couldn't put it down. Loaded with lively characters, lots of action and a lot of this world plot, it's a great book for children and old and everyone between.
