Customer Reviews

Good resource. My student is happy so far with thoroughness. He has not taken the exam, yet.

Perfect for granddaughter to study with.

This book is nice and even had practice test,

This book helped me pass my ACT good book.

Didn't help me at all

Great!

Good quality for the price. As nicer or better than some of the more expensive prep books. My daughter said the example questions before the practice tests were very helpful and explanatory.

1. Several problems in the math practice tests didn't have answer listed, or the answer was incorrect. 2. There is a section explaining / reviewing kinds of problem, but there are no explanation of the practice test answers. The review seems adequate, but the answers are incomplete and/or wrong.
