Customer Reviews

I heard about this diet at the beginning of the year, and as a result I came across this book. I have to say I'm starting to see a change and the recipes are simply delicious. It's amazing having so many options on a diet, it makes the whole thing effortless.

I have a T1 diabetic daughter and I wanted some recipes the whole family would enjoy. I found many in here. I have made several and they were great!

One of the worst books I've ever purchased. A waste of money. Poorly written with little usable information.

This book gave me a lot of good ideas about a low carb lifestyle. It is much easier than I thought.

Not a true Atkins diet. Close, but loose translation of the original.

Excellent book

it is just okay
