Paul Tobin is comic book writer whose best known works include: *The Age of the Sentry*, *Marvel Adventures: Fantastic Four*, *Marvel Adventures: Super Heroes*, *Marvel Adventures: Spider-Man*,

Colder, Plants vs. Zombies, and Bandette. The author lives in Portland, OR..

Another enjoyable action packed kid-friendly comic. My 6yr old loves the entire series. The art is clean and well drawn. The story is fast paced and fun. Good production values in this comic book graphic novel.

My son is a PVZ nut... he likes these books so when I tell him to get off the XBox, he has something to do. Heaven forbid our children go outside.... *insert eye roll*

My 8 year old loves Plants vs Zombies, and I love when he enjoys reading. These are great starter comics for kids and help their creativity and reading abilities.

Bought these as a Christmas present for my son. He's constantly got one stuck under his nose. I really appreciate the hardcover because an 8yo boy is rough.

My son loves this book. The colors are vibrant. It is a comic book style. My only complaint is that the font used is very difficult for me to see and read. I cannot quickly and easily read this to my son. I have to focus hard on the words and that is unusual for me.

Paul Tobin has become my 8 year old son's favorite author. Even after reading these graphic novels dozens of times he still finds them funny and engaging.

Nice book not bad price recommend
