As seen on Cool Hunting!

Tansel Ali is a three-time Australian Memory Champion. He shot to fame worldwide for memorizing two Yellow Pages phone books--more than 2,300 business names and 20,000 digits--in only twenty-four days. Tansel was the celebrity memory coach for television personality and former CEO of Leo Burnett, Todd Sampson, in the award-winning TV documentary, Redesign My Brain. With Tansel's memory coaching, Todd competed at the World Memory Championships in London, where he successfully memorized an entire deck of randomly shuffled playing cards. Tansel lives in Melbourne, Australia.

Great book packed with tons of techniques that will help you improve your memory. Highly

OK but not great. Title is misleading to the content.

Generally a good introduction to memory techniques. Not necessarily learning techniques, techniques for memorizing lists of things. If you want to learn how to learn check out "A Mind for Numbers" by Barb Oakly, or her Learning How To Learn class on Coursera.org

Recommend it.
