This is an excellent book and very well organized. I use it in teaching World History and in my teaching of the Holocaust. It offers my students a great background on the Jewish people and their culture. It is an essential resource in my classroom and I highly recommend it to all interested in this subject.

Great! Exactly what I had been looking for (it's all in the title). After I got mine, I bought another one for someone else. ãfÂ ã Å.ã â,cã â

Very interesting. I had bought it for children but I found myself engrossed in it as well. The paper is really nice and the quality of pictures is excellent. The way in which it is presented is gripping and it is a fascinating read, even for those who have read more detailed books.

Beautiful. Book. Thanks.
