To Tame A Wild Heart

Synopsis

Chancy Mallory is loyal to three things in her life: her horse Bowie, her parents and the Mallory Ranch. Chancy is set on capturing a wild mustang colt to prove her worth to her father who believes the Mallory legacy died when he buried his three sons. When Nick Stone appears at the ranch, Chancy can't fight the waves of change. She fears her father's attentions are slipping out of her reach. And while before she thought only of horses and the ranch, her thoughts are now drifting to boys and kisses. Sweet kisses with Nick that is. Except he's her rival, or is he? Nick Stone wandered west to avoid the lackluster future his father devised for him inside a stuffy bank in Boston, not to fall in love. He craves the wide open spaces Oregon has to offer. He's learned in his travels that he has a special gift with horses. Especially those that have been tossed aside by others: the rogues, and the unwanted. With this gift, he makes a name for himself at the Mallory Ranch and causes friction with the ranch owner's daughter. Can he prove to Chancy he is a friend and not a foe? Can his gentle ways tame the ranch owner's daughter's wild heart?

Couldn't put my ipad down. Had all the nurses angry because I stayed up until 2:00. I anxious to read the second book. I love horses and each page call me on. I hope the 2nd book is as good as this one. I'm sure it will be.

The Book Description is good so I won't add to it I thoroughly enjoyed this book. It was one where once I started reading it, I kept turning the pages until I finished it. I loved Nick and Chancy's story. I will more than likely read this book again at some point. I highly recommend it..

I found this an enjoyable read. The plot and character development was generally good. The writing occasionally felt a little amateurish, and it could do with a more thorough proof-read, but these minor irritations did not mar my overall engagement with the story.

To Tame a Wild Heart was a very good book. I couldn't stop reading it. I'm very happy the author wrote this book.

Well written.....it takes you back in time and makes you feel like you're therein the same time period. I'm in my 60s and I have chased the illusive stallion and there is no better joy than when you capture him.

I CANNOT WAIT UNTIL THE NEXT ONE COME OUT!!!! It was really good! I read it until the end once I started. :)

Fantastic story of a young romance with a cowboy...and a mustang! The suspense kept me reading and I blew through this book in a few days! Perfect summer read and I'm looking forward to the sequel!

Can not wait for the next one. I loved it so much. Perfect for teens. It has romance, but no in bed stuff like some books and me being a horse crazy person it was perfect on that part to.
