This is a great book Tons of tutorials, patterns, knots, beautiful hemp jewelry! All very clearly

explained and shown.

I started out doing hemp jewelry making with my children. I have other books but was happy with my purchase of this one, to reacquainted myself again. Good to brush up on.

Not much new here. The cover is the best part of this thin little book.

Happy with my purchase it arrived fast

Yes, I did not buy this at or anywhere else. What I did do is to flip through the (very thin) "book". For example, the illustration shows you a blown-up version of what the braid looks like, but seriously. If you have 8 strands, I don't see how you'll get the desired result just looking at a section of the braid. Sure, it has pretty pictures, but I really couldn't see trying to make the jewelry by following the scanty directions. P.S. If you have trouble believing this, head for your local fabric store (a girl's name) in the bead/jewelry department.
