Child Welfare And Family Services: Policies And Practice (8th Edition)

Synopsis

This thorough revision of Child Welfare and Family Services reflects current issues, controversies, and innovative practice methods in both family and child services. It provides a strong historical context to current programs, issues, and policy decisions; as well as in-depth information on legal and legislative frameworks. A new chapter on child welfare practice, including an expanded treatment of foster care, provides a foundation for social work interventions with children. In addition, new and updated information covers topics such as; child welfare issues with immigrant families, child outcome measurements, forensic interviewing, advocacy, court documentation, federal legislation, child welfare in a global context, cultural competence, protective/preventive services, day care/child development programs, income security, kinship care, family preservation, and adoption.

Customer Reviews

What your colleagues are saying: A This text is a wonderful classroom tool. It can be used to facilitate dialogue, as well as assist students in understanding basic child welfare content. It is very thorough and easy to digest. This is important for students, particularly those who may be new to child welfare. -- Monique Busch Indiana University A This text is by far the best I have found for a general survey course in Child Welfare. The strength of this text is its emphasis on the macro level of child welfare. It is important to me to place the field of child welfare in the context of larger cultural, social and political trends. -- Dale Weaver, California State University--Los

Child Welfare and Family Services: Policies and Practice, 8/e Susan Whitelaw Downs, Wayne State University Ernestine Moore, Wayne State University Basic Approach: This thorough revision of Child Welfare and Family Services reflects current issues, controversies, and innovative practice methods in both family and child services. It also provides a strong historical context to current programs, issues, and policy decisions; as well as in-depth information on legal and legislative frameworks. Excellent coverage of theories related to child welfare practice are covered; including the ecological perspective, social learning theory, attachment theory, and the risk and resilience perspective. New to this edition: A new chapter titled Professional Responsibilities: Ethics and Advocacy (Ch. 12), covers a variety of professional issues in child welfare from legal and practice perspectives Expanded coverage of child welfare practice, including a new chapter devoted to the fundamentals of practice (Ch. 4) Applies and explains legal skills that all child welfare practice professionals need for the field (Ch.6) Contains a new model combining family continuity and concurrent planning (Ch.9) New charts, tables, and cases in the text act as handy references to students - for everything from federal legislation and juvenile justice, to child outcome accountability and advocacy techniques New case examples examine current issues in child welfare such as legal liability, burn out, and advocacy for policy change Up-to-date, accurate and clear discussion of federal programs and policies that affect families and children, with honest assessments of the effectiveness of these policies, including an in depth discussion of welfare reform and its effects on families and children What your colleagues are saying: This text is a wonderful classroom tool. It can be used to facilitate dialogue, as well as assist students in understanding basic child welfare content. It is very thorough and easy to digest. This is important for students, particularly those who may be new to child welfare. -- Monique Busch Indiana University This text is by far the best I have found for a general survey course in Child Welfare. The strength of this text is its emphasis on the macro level of child welfare. It is important to me to place the field of child welfare in the context of larger cultural, social and political trends. -- Dale Weaver, California State University--Los Angeles

I purchased this text for a class that failed to garner the needed number of students. I decided to keep the book anyhow and read through it with the hopes it may be offered in another semester or I

would possible be allowed to test out of the course. I find the text most interesting and readable. The information is logically arranged and easy to follow. As an ex-educator I feel it would be easy to structure a course of study based on this text. Only hope our university offers this course again before I graduate.

Used it for school. Product was brand new and well worth it.

The book was in pieces when I received it

Was the lowest prize I found for this book

I was thankful to have this book for on of my college classes. It came in very nice condition with nothing wrong with it. Shipped very quickly. I am very pleased with the order. Thank you!

Used it for school. Product was brand new and well worth it.

Book came on time and looks neat and usable!

Hard to read.
