Another darling BabyLit book! These are my all time favorite books for little ones, I have gifted

hundreds at baby showers over the years and they are always a hit! *Les Miserables* is no exception, such a lovely way to introduce my little ones to the novel and give them a touch of French too. The concept is brilliant, the illustrations are lovely, I love the newest addition to the BabyLit collection!

It's a very easy and colorful book for babies, with quotes from the story and pronunciation guide in the back cover. My son loves the page with the soldier's hand up saying stop and he tries to say it in French!! So cute!

My 2-year-old loves this book! He reads it and will repeat the English and French word throughout the day if we ask him to say it. Very cute!

This is a primer and not a story. Not very many words are covered, and it's really written more for parents than kids.

It met my expectations. I love this series. Illustrations are delightful!

Great baby shower gift! She is now a toddler and loved these books. Plus they are very durable to a not so light touch of a two year old.

Loved it!! Introducing children to the classics early is brilliant.

The book is a great addition to my daughter's book collection. I can't wait for her to grow up and read the real one.
