Pain: Mechanisms And Management

Synopsis

For the broad range of practitioners who frequently encounter patients with difficult pain problems, *Pain: Mechanisms and Management* provides a thorough overview of the neural mechanisms of pain, develops a comprehensive approach to patient evaluation, and reviews current treatment strategies. Written by Dr. Howard L. Fields, a leading pain specialist, this work comprises an authoritative update on our current understanding of the physiology and psychology of pain. Throughout, Dr. Fields draws on the latest basic and clinical research in his discussions on the sensory transmission system, pain modulation, and analgesic treatment modalities.
