Calligraphy & Hand Lettering: Volume 1: Beginner Calligraphy & Hand Lettering Worksheets In Three Modern Styles (Practice Makes Progress Series)

Synopsis

2017 GIFT IDEAS | CRAFTS, HOBBIES & HOME | CALLIGRAPHY & LETTERING Welcome to Calligraphy and Hand Lettering Volume 1! This book is meant to introduce you to calligraphy and hand lettering which, as you may know, are slightly different. Calligraphy is the forming of uniform letters whereas hand lettering lets you break the rules a bit and treat each letter as its own unique design. You'll practice not only the basics of both crafts but also explore your own style of creativity and infuse it into your work. You don't have to own a calligraphy dip pen or inkwell everyday pens, markers, pencils anything that you enjoy writing with will do. So, grab your favorite writing tool and let's get started! Practice Makes Progress!

Customer Reviews

This book has a beautiful cover and that is about the extent of instruction included on calligraphy. You can download some more blank practice sheets from the website but they look just like the ones pictured. I was surprised that there were not even arrows indicating the direction of the strokes for each letter. I am going to keep the book and work through it anyway since I took calligraphy about 30 years ago. No information on selecting pens or paper. Look elsewhere if you need that information.

Was what I expected.

Great learning tool!

Exactly what I wanted. A great book for beginners

It states in the heading and the description exactly what you're getting. The book is filled with over 100 lined practice sheets in 3 styles. I've found it to be an invaluable tool in improving my lettering skills. I use it alongside my lettering instruction books.

Very basic instructions with many blank practice sheets. I should have returned it.

When I purchased this book I thought I would get some tips included in the book as well as a step-by-step building up toward the calligraphy Strokes. When I finally received it, it was all the blank pages with three example letters for each letter A through Z with only five lines for practice not enough to really learn. Just have the FaceTime house of writing but it does not teach it is really a practice workbook or notepad .

Love it still learning some letters but can't wait
