Customer Reviews

Easy to read, well written book that gives the reader a peek into the cultural and physical beauty of Barbados. I enjoyed this book and would highly recommend it as an educational tool. Lots of accurate and interesting facts were presented in very accessible ways....I even learned important aspects about the history of the island, such as the meanings of the symbols on the crest!

Great book for kids & adults alike. Informative with a historical flair for true Bajans & for kids who may need to learn their roots. An interesting quick read. Great photos makes the reader wish there were there in the book.

This is a wonderful book! Children and anyone who reads this book will have an opportunity to take a fantasy trip to Barbados. The pictures and descriptive details puts you right on the island. Many

historical and cultural facts are weaved throughout the story. A definite must read! Can't wait for the Navigators next adventure.

A fantastic book for young explorers and adults alike. This book is very cleverly written as it is both fiction and non fiction. A definite must in all schools as it not only feeds children's imagination but also gives them fantastic facts about Barbados!! Looking forward to the next book.JMG (UK)
