Covenant Economics: A Biblical Vision Of Justice For All

Synopsis

The Bible might seem like the last place one would look for information and guidance on economics, but in fact the Bible deals with all aspects of life. Richard Horsley's *Covenant Economics* explores economic issues in the Bible, offering pastors, students, and laity a clearer understanding of the Bible's clarion call for economic justice for all--an issue that is sure to resonate during today's trying economic times. Questions for discussion and suggestions for further reading are included in this volume--a work that will spark lively conversation.
