#17 in Kindle Store > Kindle eBooks > Crafts, Hobbies & Home > Crafts & Hobbies > Models

#27 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Toys & Models > Model Trains

## Customer Reviews

Yes, I enjoyed this book. It is by an American view, which made a bit more sense to me. Not to say that the British authors do not have a great deal to share. I will say that it would have been nice if the book had been proof-read and the spelling mistakes had been corrected. Over all a wealth of information.
