Superb reference guide. Have been using a P-cope for over a decade of Urgent Care Practice. If you love books, and I know you do, then this is the drug reference for you.

Great book I've had for one month the binding is falling apart and I can't find a way to contact the seller to ask for assistance already losing pages. Content wonderful, binding terrible.

Must have for any practitioner! Easy to use, love the deluxe edition large print and red font indicating delineation of diagnoses within each medication.
