Customer Reviews

My wife loves salads of all kinds - I don't. We bought this salad recipe book to bring some variety into that area of our meals and, I have to admit, there are some really tasty salads in this book. Of course, there are many traditional salad recipes like waldorf salad, greek salad and pasta salad. There are also some really original ones that I loved like roasted potato salad with curry powder and couscous chicken salad. Aside from the hundreds of recipes, there is also some great nutritional information in here about many of the ingredients. I feel healthier already.

its ok it has a lot of good recipes

Great!!! Some things are pretty basic but hey sometimes that is what you are looking for. Yum yum and for 99 cents! Can't beat it.

Love the idea of using mason jar for salads. Easy quick and good to eat.

I decided to be a vegetarian and this book is a great start to read. There are tons of delicious recipes that I think I would love! This will be my guide for the whole year.

OMG that's a lot of salad recipes! Thanks for the collection - some familiar, many not. Fabulous

eBooks like these are going to persuade me to buy an eReader (right now I just load them onto my PC which is nowhere near my kitchen).
