Customer Reviews

'This book deals with a complex subject area in a clear and precise manner. The authors... demonstrate a lucid grasp of the material and have chosen a style accessible to readers with various levels of prior knowledge.'European Journal of Orthodontics`This text is well written and illustrated- it includes line drawings and excellent black and white photographs- and as such is very easy and enjoyable reading. It deserves a place in the library of any dental or medical clinician involved in direct patient treatment and student teaching.'Pain Res Manage
