Cover to cover this is by far the BEST book I have ever received. Not only is this is a recipe book it covers absolutely everything you could possibly need to know about from what woods to use, different grill types and so much more! This is the BBQers bible! I have not put this down all day. The biggest problem I am having is deciding which recipe to start with! I am seriously impressed with the overall quality, photos and attention to detail in this book! Thank you Diva Q!

If you are looking for a BBQ cookbook this is it. Book is very well laid out, easy to follow instructions/recipes and the ingredients are readily available at your local grocery. Wanting to impress your friends at the next cook out?? Diva-Q's book will definitely provide you with recipes to make it happen.

THIS is the grilling cookbook I have been waiting for! I was delighted by all the beautiful photos, and the HUGE variety of recipes! You can make an entire meal on the grill using this book, and have a lot of fun doing it! Some are sure to become family favorites, and all will impress your guests! I also enjoyed the many tips and extra information about the dishes given on every page. The recipes are clearly written, with new twists on familiar favorites and lots of exciting ideas. Pineapple Stand Chicken! Meat Cake! Death by Diva! Danielle included recipes from many of her friends and family, making this book even more special, because having friends and family gathered around a fire and sharing food is what life is all about. Thank you, Danielle, for sharing your love of food, friends, family and fire with the world.

Personally, I'm not one for buying and/or using cookbooks, but this one peeked my curiosity. As soon as it arrived at my house, I had to check it out. Being a BBQ enthusiast myself, I had to see

what it's all about, and what I saw was definitely making me hungry. Those pictures, wow !!! From starters to various types of meats, to side dishes, to desserts; it's all in there. Most recipes were even paired with a drink, and those recipe were available as well. How much better can it get ??!! But at the end, the fact that the recipes are easy to follow, and the ingredients are easy come by speaks volumes for me. I also really liked the conversion and cooking charts. I would recommend this cookbook to anyone, no matter if you're just starting out or been cooking BBQ for years, this book is a must have.

Honestly, this has to be one of the most complete and well laid out cookbooks out there, regardless of genre. Danielle covers everything you need to know; From grill/smoker types and their set up to wood choices, temperatures, sauces and rubs, appetizers, bacon, pork, beef, fish, veggies, sides, all the way through to dessert. There are even drink recipes to go with some of the food recipes. Heck, she even covers what the public should expect when attending a BBQ contest. Many of the recipes have helpful tips on things like ingredients and suggested alternates. And the full color photography and color coded layout of the recipe categories help to enhance this tome of BBQ. Whether you're a kitchen cook, backyard amateur or a seasoned pro on the BBQ circuit you can get something out of this book. Buy it now. If for no other reason than it has a recipe for Meat Cake!

Danielle has brought the same skill, enthusiasm, and sense of fun to her cookbook as she has to competition BBQ for years. This is our chance to see what it takes to be successful on the professional BBQ Circuit, getting a glimpse behind the scenes, and trying our hand at award-winning recipes. When deciding if I want to buy a cookbook, I look through the recipes and if a book has 10 or more that look interesting, I consider it worth the investment. When I opened Diva Q's Barbecue, it was the reverse - there were only a handful that didn't immediately intrigue me! This is a book that will quickly become one of your favorites, with pages splattered and notes in the margins, bringing joy to your friends and family for many years to come.
