Customer Reviews

This is a text book for my niece who lives in Trinidad and Tobago she was having a difficult time to purchase one so I bought it for her. Thanks

This book needs to come with a CD or cassette for it to be beneficial to those who want to learn the language. Actually, at the start of each unit there are instructions to listen to the cassette.

I like the layout and the way the book immediately captures your interest with a map of France

It is a great textbook to learn the French Language. Same is ideal for a mid level french. it has many pictures so you can understand the words visually.

Its the exact book that my children wanted & it came well on time. Now I need the one with

exercises+discs...

the book is ok, but i do not understand much of the language. Perfect for a kid.

muy bien!

Cassettes or cds are essential for using this book. Yet they are not provided with the purchase of the book nor is there any indication how they could be ordered as a separate item. Susan
