Customer Reviews

I am so impressed with this travel guide. I especially like the fact that they give information of location, not just leaving you to google map it and guess. The photos cannot give it justice, but I am very impressed with them, regardless.

Almost useless as a travel guide

For my upcoming trip to Nepal, I purchased this book to get an idea of the top places I should visit. I was not disappointed with this read! The book talked about a few places I already set my sites on visiting, but also gave me ideas for other places that weren't already on my list.

Good intro to the area but no downloadable maps, few details on suggested places within the capital, no mention of costs or even possible mishaps or setbacks. I found this book lacking.
