This book is NOT Jewish Kabbalah! This book is QUABALLAH and is just a book of pure majic! This book hametic quabbalah. If you're looking to grow higher spiritually in Christ, this book isn't for you

I ordered the Kindle edition which apparently only included the Preface. Quite a rip off as we used to say...

as expected

The clearest guidance book to the Kabbalah that I have ever read. Easy to read and contains very practical and easy to follow exercises. A must have for every serious Kabbalah enthusiast.

When I purchased this book, I was taking a year long course of study in the Kabbalah. This book provided practical application of the teachings of the Kabbalah. I would definitely recommend it to the student looking for applying these teachings to daily life.

I have half a dozen books on Kabbalah and I use this one more than all the others. I find it to be the most relevant and useful in my life. I often reread passages at different times and I learn something new or see a different aspect each time.

Very pragmatic.

I thought this book helped break down a very complex subject into digestible segments that were easy to understand.
